FICTION

The Night We Met by Abby Jimenez

In everyone's life, there's a split-second decision that can change everything. For Larissa, it came when choosing which guy to ride home with after a concert. That night, she had no idea she'd met the perfect man. She and Chris are great together. But Chris isn't the one who drove Larissa home all those months ago—Chris is her boyfriend's best friend. And so the story begins.

MYSTERY

Worst Case by James Patterson

One by one, children of New York's wealthiest are taken hostage. To Detective Michael Bennett, it becomes clear that these murders are linked and must be part of a greater, more public demonstration. With the city thrown into chaos, he is forced to team up with FBI agent Emily Parker, and the two set out to capture the killer before he begins his most public lesson yet--a deadly message for the entire city to witness.

BIOGRAPHY

Nobody's Girl by Virginia Roberts Giuffre

The world knows Virginia Roberts Giuffre as Jeffrey Epstein and Ghislaine Maxwell's most outspoken victim: the woman whose decision to speak out helped send both serial abusers to prison, whose photograph with Prince Andrew catalyzed his fall from grace. In April 2025, Giuffre took her own life. She left behind a memoir written in the years preceding her death and stated unequivocally that she wanted it published. This book is the powerful story of an ordinary girl who would grow up to confront extraordinary adversity.

NON-FICTION

The Menopause Moment by Kelly Casperson, MD

The author is an MD who provides the knowledge to decide for yourself. The book shares the truth about what happens to your body in midlife, how hormones actually work (without the hype or fearmongering), and evidence-based strategies to feel your best and the power to live life on your terms - in health and with science-backed strategies for your longevity.
