

There has been a report and sightings of a bear on campus. Please take the following action:

1. Take down, clean and put away all birdfeeders.
2. Keep garbage in airtight containers. Double bagging will reduce odors that attract bears.
3. Do not leave pet food or dishes outdoors at night.
4. Do not intentionally feed bears to attract them to your yard for viewing.

*Removing birdfeeders means to take down the feeder, wash it and bring it indoors. Do not put it out during the day and take it in at night. Please remove permanently until further notice.*
